High Accuracy Thermal Body Temperature Measurement Solutions

Wiz Sense

Efficient, Visible & Real-time

36.6°C

35.5°C

37.3°C

36.6°C

High Accuracy:
Temperature measurement accuracy **±0.3°C**

High Efficiency:
Efficiency improved by **800%**

Safe & Contactless Measurement:
Max. measurement distance **3m**

Multi-target Measurement:
Up to **30 targets** detected at the same time

Intelligent Analysis:
Face mask detection accuracy **>95%**

Flexible to Deploy:
Easy installation and **flexible** deployment

Overview

Dahua launches the latest thermal camera, which is capable of highly accurate body temperature measurement, to within ±0.3℃ (with black box). The camera features a built-in AI algorithm for multi-person measurements up to 3m distances, enabling fast and non-contact access.

Check Point

- **High Accuracy:**
  Temperature measurement accuracy **±0.3°C**

- **High Efficiency:**
  Efficiency improved by **800%**

- **Safe & Contactless Measurement:**
  Max. measurement distance **3m**

- **Multi-target Measurement:**
  Up to **30 targets** detected at the same time

- **Intelligent Analysis:**
  Face mask detection accuracy **>95%**

- **Flexible to Deploy:**
  Easy installation and **flexible** deployment

Application Scenario

Airport

Metro

Commercial Building

Campus

Product Recommendation

DH-TPC-BF3221-T + JQ-D70Z
Thermal：256*192, 7mm
Visible：2MP, 8mm
White light and loudspeaker alarm
Temperature accuracy ±0.3℃
（with black box）

DHI-IVSS7008-1I
TPC alarm event integration
Statistical report and export
8 channels mask detection
8 channels face recognition

DHI-NVR5216-16P-I
TPC alarm event integration
Statistical report and export
4 channels mask detection
4 channels face recognition

DSS Express/Pro
Unified TPC device management
Real-time temperature display
Rich alarm integration for TPC events
Multiple clients login
